

# GOODBYE LAB

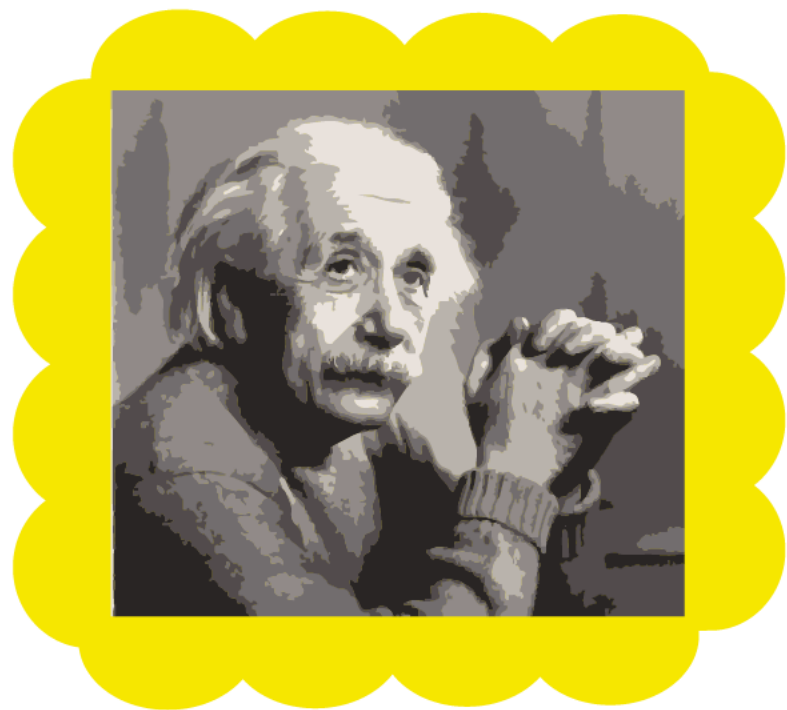

A parody inspired by  
Margaret Brown &  
Chris Ferrie

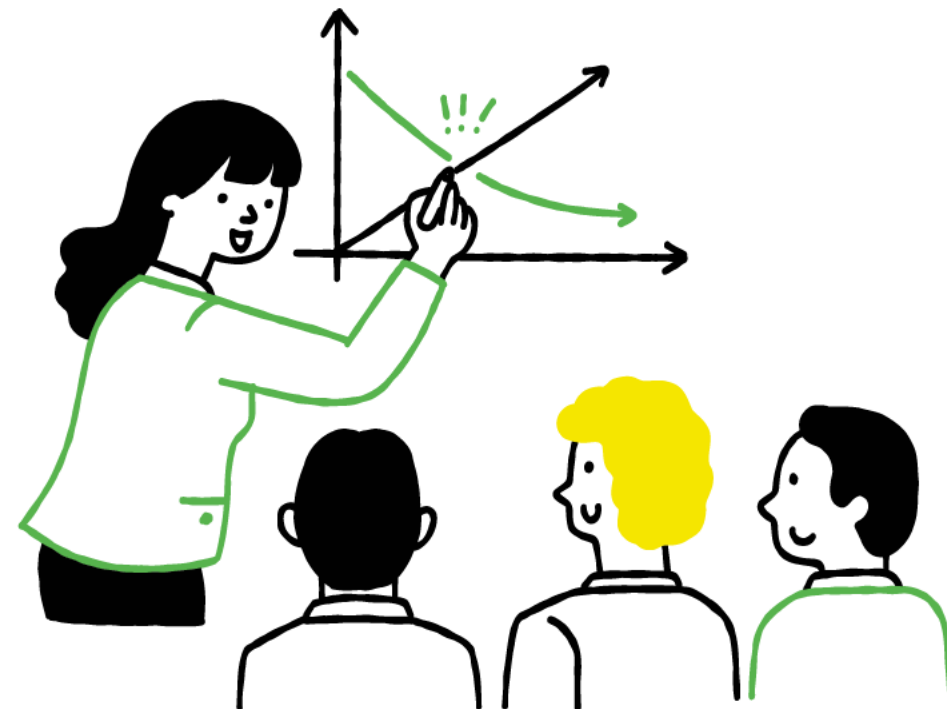

Sequel available soon: *HELLO MEDIOCRITY*  
By President Beck & Provost Komarraju

**In the great green lab,  
There was a microscope  
And a lab notebook  
And a picture of--**

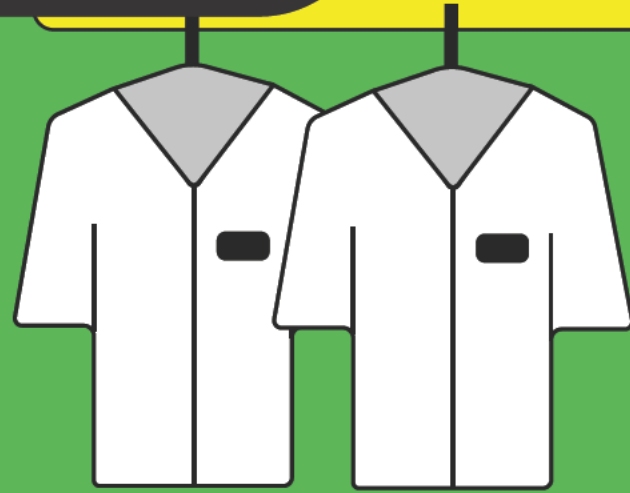

**Einstein with a  
thoughtful look**

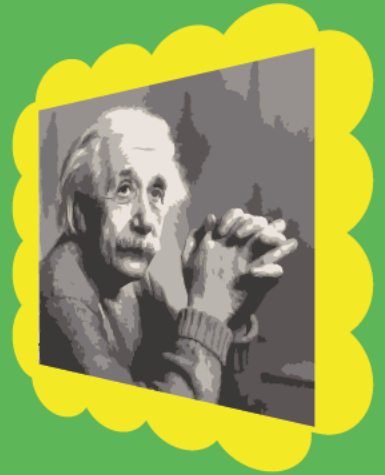

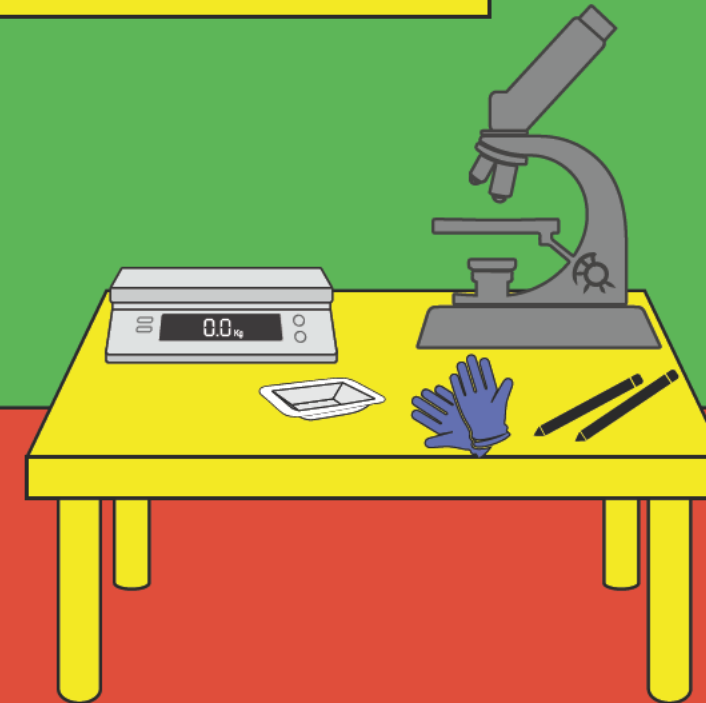

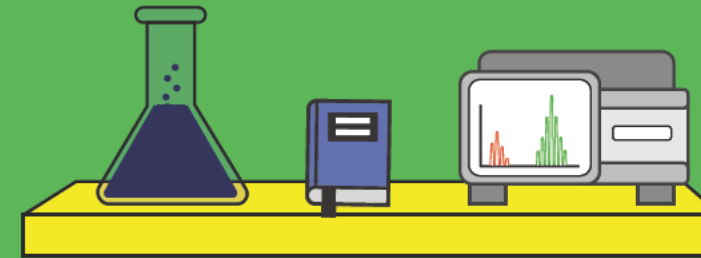

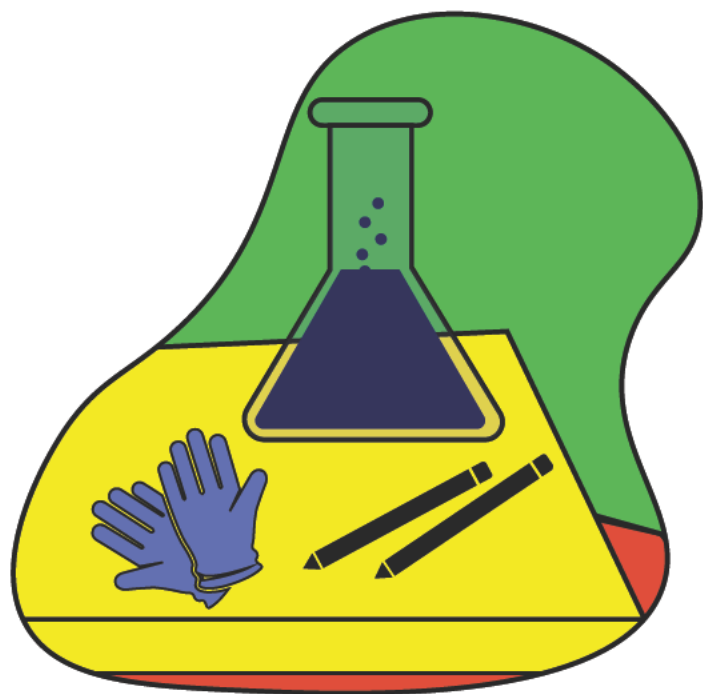

**And there were three  
earnest students learning  
scientific prudence**

**And lab coats  
And weighing boats**

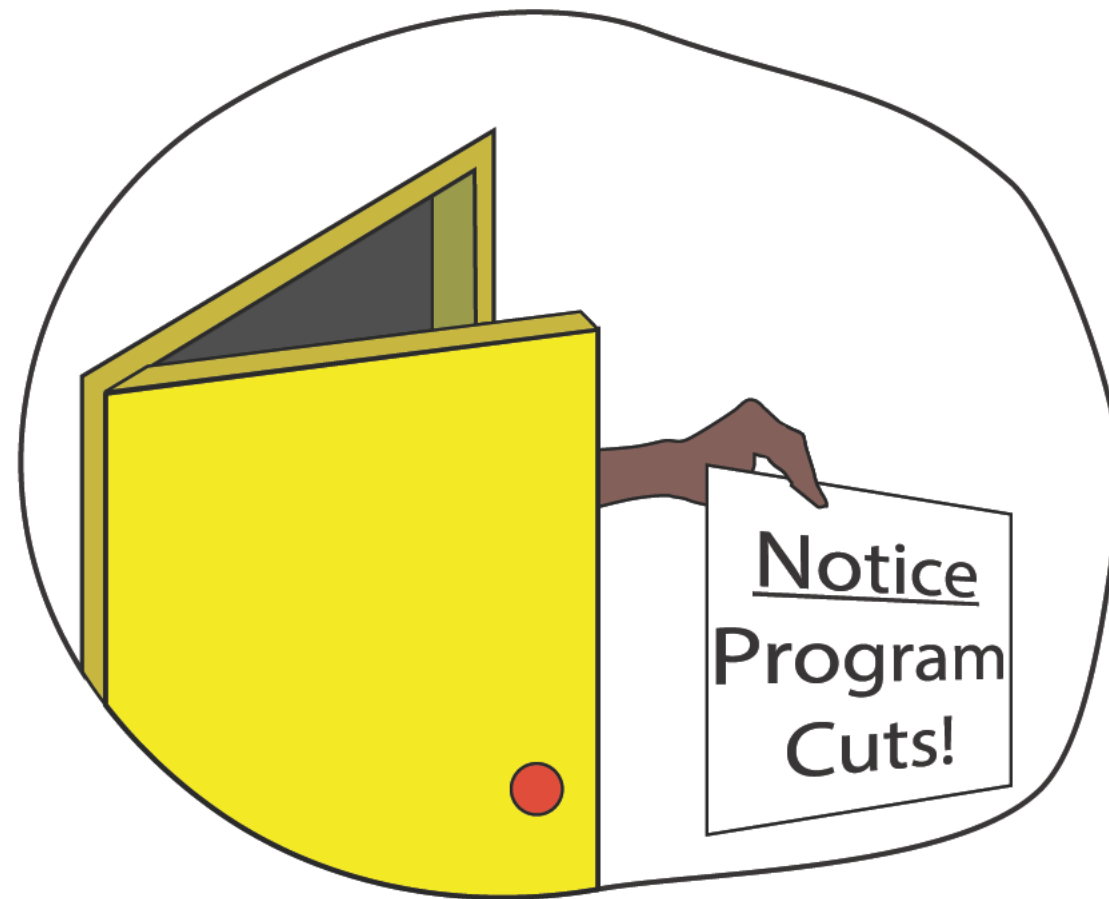

**And a spectrometer  
And a thermometer**

**And gloves and pens  
And erlenmeyer flasks**

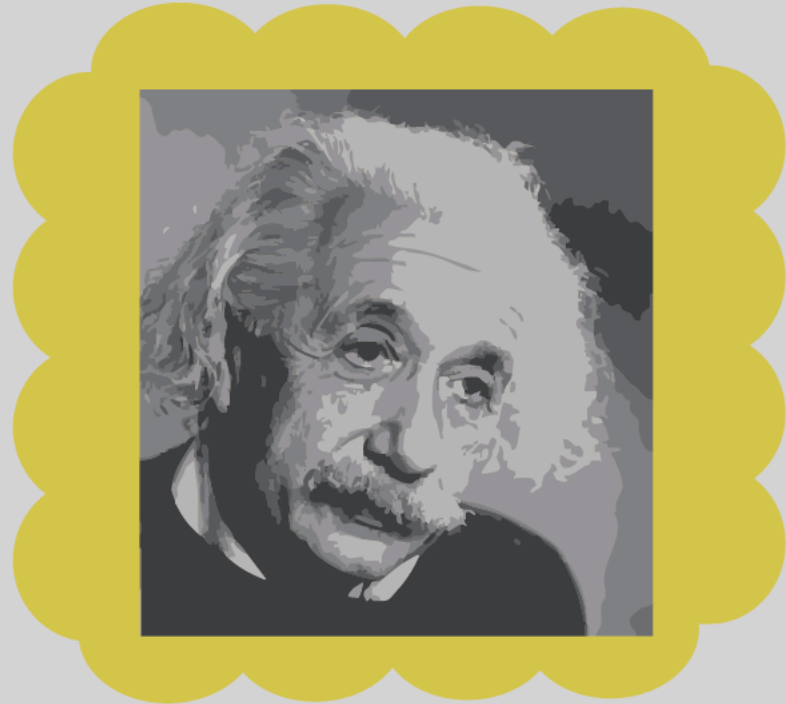

**And short-sighted CSUN  
administrators shouting "Who needs  
research--that's all in the past!"**

**So CSUN research starts to die  
Where we were once a star, rising in the sky**

**Goodbye lab**

**Goodbye scope**  
**Goodbye hope**

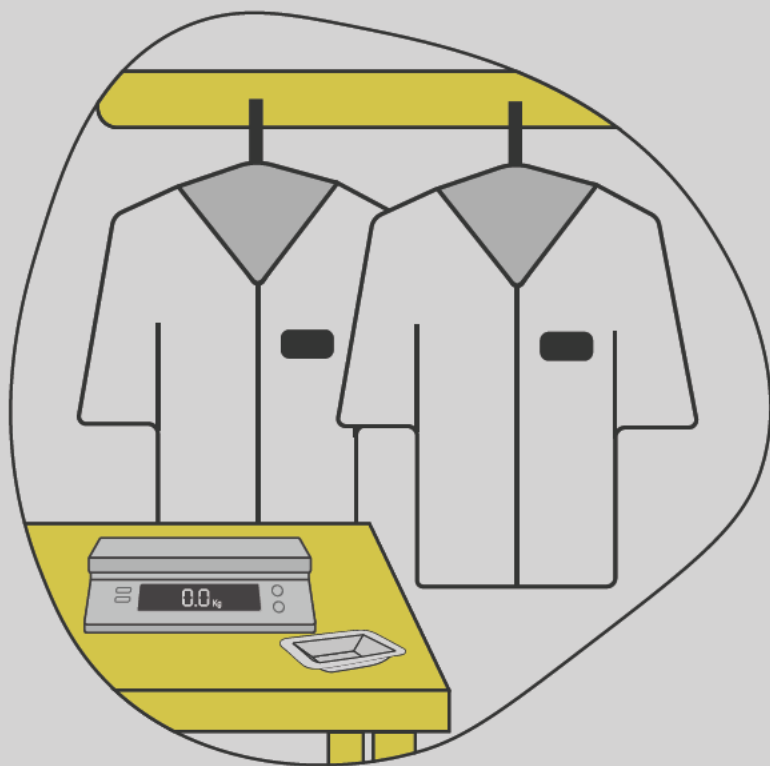

**Goodbye Einstein  
with a sad look**

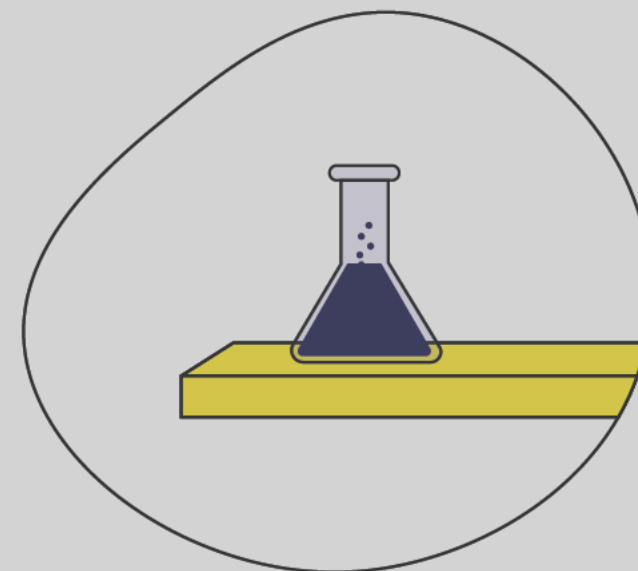

**Goodbye students  
And the lab notebooks**

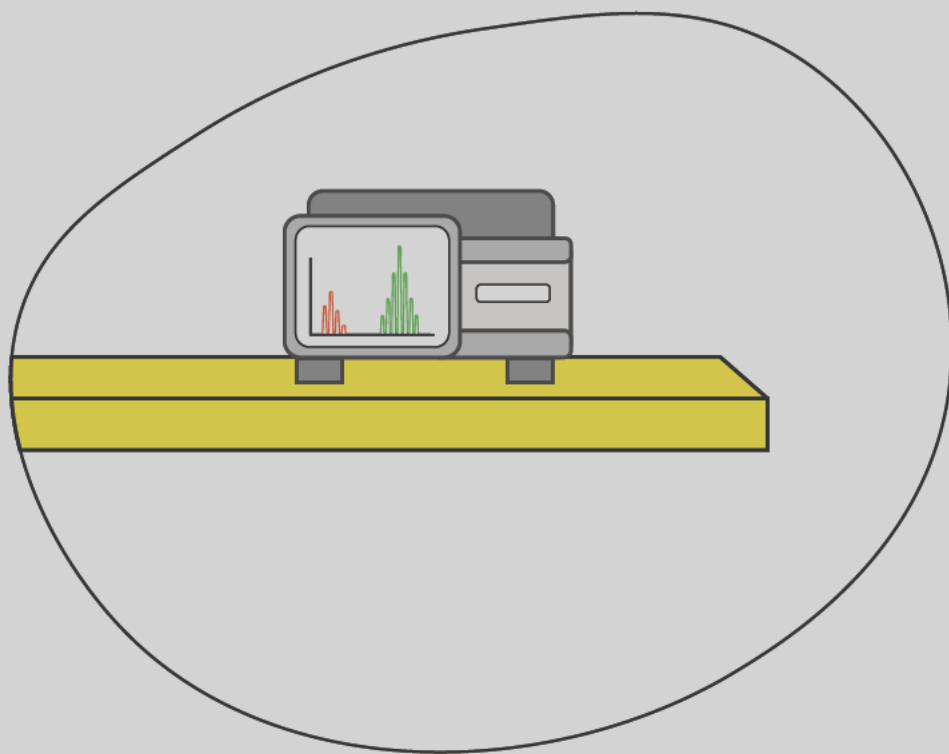

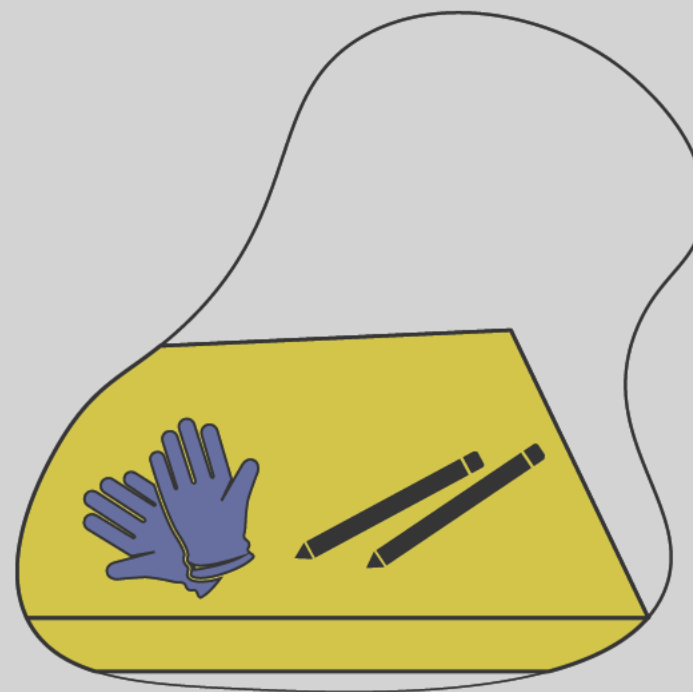

**Goodbye lab coats**  
**Goodbye weigh boats**

**Goodbye erlenmeyer flask**  
**Your use is in the past**

**Goodbye thermometer**  
**Goodbye spectrometer**

**Goodbye gloves**  
**Goodbye pens**

**Goodbye CSUN research**  
**Our discoveries are at an end**
